

Cards for Seniors

On November 26th, 2025, six students from various high and middle schools—Evan Shi, Jasmine Gu, Jiayi Cui, Jason Zhou, Tony Wu, and Lucas Shi—who attend Newton Chinese Language School, visited Sunrise Senior Living of Newton as part of the SEP Senior Home initiative.

Sunrise Senior Living of Newton is the fourth senior living center that these SEP volunteers have visited. For this visit, the students made handmade, Thanksgiving-themed cards to spread holiday cheer just before the holiday.

The visit took place on Wednesday afternoon. We were warmly welcomed by residents spending time in the lobby as well as those resting in their rooms. We walked around handing out cards, chatting with residents, and getting to know them. Since this was our first time at this senior home, we met many new people and even had the chance to teach a few residents some Mandarin! The conversations about their lives and experiences made the visit especially meaningful.

Overall, visiting Sunrise Senior Living of Newton was a wonderful experience. We look forward to spreading kindness and positivity to more senior living communities in the future!
